

TECHNICAL DATA SHEET

Care and lubricant spray

Art. no. 0893 224

P. Qty.: 1 / 12

Protects and maintains plastic and rubber in vehicles, in technical equipment and in the home

Chemical basis	White oil with additives
Solid lubricant	PTFE-Polytetrafluoroethylene
Colour	Transparent
Density	0.739 g/cm ³
Smell/fragrance	Characteristic
Min. flashing point	-80 °C
Silicone-free	Yes
Acid-free	Yes
Resin-free	Yes
AOX-free	Yes
VOC concentration (CH)	89.56 %
Contents	300 ml
Container	Aerosol can
Shelf life from production	24 Month

Application area

Combination of fully synthetic, low-viscosity and non-greasy oils with additives to protect against ageing, static charge and wear, particularly for plastics.

The usage instructions are recommendations based on the tests we have conducted and based on our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately. We guarantee consistent quality of our products. We reserve the right to make technical changes and further develop products.
